

## **Jan-Feb 2020 Residency Times**

Update from the Resident Council:

Interested in physician leadership? The Resident Council will hold its annual *Professional Development Symposium* on Tuesday, April 13, from 6:30-8:30 pm, as a virtual event. Our topic is Leadership in Medicine. If you would like to become a chief resident, plan on completing a fellowship, are considering a career in academic medicine, or enjoy networking with other physicians, we welcome your participation. Confirmed panelists include WSUSOM Dermatology Residency Program Director Steven Daveluy, MD, and Ijeoma Opara, MD, Associate Program Director of IM-Pediatrics at DMC.

The Resident Council meetings are open to all residents to present urgent or anonymous concerns. We also aim to create a positive, supportive environment focused on personal and professional growth.

Please reach out to your program's council representative, or email us with your ideas, questions, and concerns.

Sincerely,

**Ben Maynard, MD**
