

Hello Residents,

On behalf of the Wayne State University School of Medicine Resident Council, we hope your July was great! We want to invite you all again to our meetings, to celebrate your success and support your journey in any way we can. We recently formed a Whatsapp group that is open to all members, to ask your GME-wide questions and meet residents from all our programs. We will soon be offering volunteer experiences to virtually teach Wayne State medical students, plus ways to boost wellness and promote diversity and inclusion in our programs. If teaching is one of your interests, also check out the DART/DEFT programs by signing up for our Academic Boot Camp. The fall bootcamp will be offered on Wednesday, Sept. 16. For details, contact Dr. Stansfield at rbstansfield@wayne.edu. Please join our meetings via MS Teams at the times and dates below.

Keep up the hard work!

Sincerely,

Ben Maynard, MD
President, Resident Council
bmaynard@med.wayne.edu
