**Michigan Medical Education and Health Bulletin**

***Residency Times, Jan-Feb 2025***

The *Bulletin* employs a Scholastica web-based interface that makes the submission process clear and efficient. In addition, it is integrated with CrossRef to automatically assign Digital Object Identifier (DOI) and run a plagiarism check. After two years, the journal leadership plans on submitting an application for PubMed indexing. To learn more about *Bulletin* submission guidelines, the types of scholarly work accepted, or to submit a paper, please visit [Michigan Medical Education and Health Bulletin - For Authors](#). If you would like to be notified about the acceptance and publication of any manuscript, please fill out and submit this [form](#) to be added to the *Bulletin's* distribution list.
