Applied Quality Improvement For Program Directors, Faculty, and Fellows

Presented By:

Robert Flora, MD, MBA, MPH

Chief Academic Officer/VP of Academic Affairs

McLaren Health Care

Session I: Wednesday, January 22, 2025

3:00 pm - 5:00 pm

Session II: Wednesday, February 12, 2025

3:00 pm - 5:00 pm

This interactive online workshop will introduce program directors, faculty, and fellows to advanced principles for developing successful quality improvement and patient safety projects. The course also will address the importance of the key role quality metrics play in the change from fee-for-service to the pay-for-performance in healthcare payment models.
